Subject: BDCP: important letters to Gov. Brown from: (1) Bay Delta Congressional delegation; and (2) prominent NGOs

Thanks to Tom Hagler for tracking these letters down for us.

Jane, these are the types of letters Jared asked to see, so please forward them to ORA.

Karen customarily sent these types of materials directly to ORA, so we can discuss whether you'd like me to do the same, or whether you'd prefer to be the messenger. Meanwhile, Tom and I are drafting an email that Roger Gorke will send to senior contacts in DC that reprise our objections to the funding estimates ascribed to EPA.

Subject: Two BDCP letters of Note

(1) The congressional letter to the Governor addresses the same “federal dollars” assumptions that we flagged earlier. This group of mainly N. Cal. Representatives says it’s not realistic.

(2) The NGO letter to the Governor follows up on what was reportedly a fairly constructive meeting. This letter is notable because it includes a broader range of the big NGOs, including both groups that have been kind of “pro” and “not so pro” BDCP in the past.
